

TITLE 3. DEPARTMENT OF FOOD AND AGRICULTURE

NOTICE IS HEREBY GIVEN that the Department of Food and Agriculture amended Section 3700, subsection (c), of the regulations in Title 3 of the California Code of Regulations pertaining to Oak Mortality Disease Control as an emergency action that was effective on September 10, 2002. The Department proposes to continue the regulation as amended and to complete the amendment process by submission of a Certificate of Compliance no later than January 8, 2003.

A public hearing is not scheduled. A public hearing will be held if any interested person, or his or her duly authorized representative, submits a written request for a public hearing to the Department no later than 15 days prior to the close of the written comment period. Following the public hearing if one is requested, or following the written comment period if no public hearing is requested, the Department of Food and Agriculture may certify that there was compliance with provisions of Section 11346.1 of the Government Code within 120 days of the emergency regulation.

Notice is also given that any person interested may present statements or arguments in writing relevant to the action proposed to the agency officer named below on or before December 9, 2002.

INFORMATIVE DIGEST//POLICY STATEMENT OVERVIEW

Existing law obligates the Department of Food and Agriculture to protect the agricultural industry in California and prevent the spread of injurious pests (Food and Agricultural Code, Sections 401 and 403). Existing law also provides that the Secretary may establish, maintain, and enforce such regulations, as he deems necessary, to prevent the spread of pests to protect California's agricultural industry (Food and Agricultural Code Section 5322).

The amendment of Section 3700(c) established that portions of coast redwood, *Sequoia sempervirens*, and Douglas-fir, *Pseudotsuga menziesii* var. *menziesii*, plants are included as regulated articles and commodities. The effect of the amendment is to provide authority for the State to regulate movement of hosts or potential carriers of the disease within and from the regulated area to prevent artificial spread of the pest to non-infested areas to protect California's agricultural industry. There is no existing, comparable federal regulation or statute.

COST TO LOCAL AGENCIES AND SCHOOL DISTRICTS

The Department of Food and Agriculture has determined that Section 3700 does impose a mandate on local agencies, but not on school districts. Reimbursement will be made for costs resulting from this mandate from the \$388,000 budgeted for this purpose.

The Department has also determined that the amended regulation will involve no additional costs or savings to any state agency because funds for state costs are already appropriated, no nondiscretionary costs or savings to local agencies or school districts, no reimbursable savings to local agencies or costs or savings to school districts under Section 17561 of the Government Code, funds for reimbursement for costs to local agencies have already been appropriated, and no costs or savings in federal funding to the State.

EFFECT ON HOUSING COSTS

The Department has made an initial determination that the proposed action will not affect housing costs.

EFFECT ON BUSINESSES

The Department has made an initial determination that the proposed action will not have a significant, statewide adverse economic impact directly affecting California businesses, including the ability of California businesses to compete with businesses in other states.

COST IMPACT ON REPRESENTATIVE PRIVATE PERSON OR BUSINESS

The cost impact of the amended regulation on a representative private person or business is not expected to be significantly adverse. A representative person or business could incur costs of approximately \$138 per year in reasonable compliance with the proposed action.

ASSESSMENT

The Department has made an assessment that the proposed amendments to the regulations would not (1) create or eliminate jobs within California, (2) create new business or eliminate existing businesses within California, or (3) affect the expansion of businesses currently doing business within California.

ALTERNATIVES CONSIDERED

The Department of Food and Agriculture must determine that no reasonable alternative considered by the Department or that has otherwise been identified and brought to the attention of the Department would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

AUTHORITY

The Department amended Section 3700, subsection (c) pursuant to the authority vested by Sections 407, 5321 and 5322 of the Food and Agricultural Code of California.

REFERENCE

The Department amended Section 3700, subsection (c) to implement, interpret and make specific Sections 24.5, 5321 and 5322 of the Food and Agricultural Code; Sections 11425.50 and 11440.10, Government Code; Section 1084 *et seq.*, Code of Civil Procedure.

EFFECT ON SMALL BUSINESS

The amendment of this regulation may affect small businesses.
